

2016-17 DATA ACTIVITY PLAN SCHOOL: Sunrise Ridge Intermediate

X August-December 2016 (1st Semester)

_____ January-May 2017 (2nd Semester)

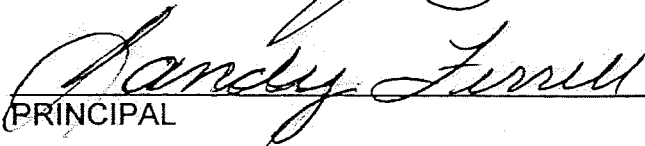

| ACTIVITY DESCRIPTION | DEADLINE | PROJECTED OUTCOME / PRODUCT |
|--|----------------|---|
| Train teachers how to access student data on DataGateWay and PS | Sept 25 | Teachers will have access to student data that will allow them to provide necessary changes in instruction to increase student achievement. |
| Create class profile information for teachers by class | OCT. | This will give teachers critical data on how each class period is dynamically different. This data can be used to modify expectations. |
| Create a mid-term report that compares NP data broken down by student, teacher, subject, how many have 3 or more, 2, 1 NPs. | After Midterms | Determine if progress is being made for student interventions by the number of NP's given |
| Create a grade report for the NP's one week prior to the end of the semester then compare that to the same report after the semester ends. | End of Tri 1 | |
| Assist individual teams with data charts. | Ongoing | Help teachers create and maintain accurate data to support classroom instruction. |
